v.

BANK OF AMERICA
CORPORATION, *et al.*,

Defendants.

No. 17-cv-3139-LGS

(related to No. 13-cv-7789-LGS)

**DECLARATION OF JEANNE C. FINEGAN, APR CONCERNING CLASS
MEMBER NOTIFICATION**

INTRODUCTION

1. I am President and Chief Media Officer of HF Media, LLC (“HF Media”), a division of Heffler Claims Group LLC (“Heffler”). This Declaration is based upon my personal knowledge as well as information provided to me by my associates and staff, including information reasonably relied upon in the fields of advertising media and communications.

QUALIFICATIONS

2. My credentials that qualify me to provide an expert opinion regarding notice in this matter include more than 30 years of communications and advertising experience. I am the only Notice Expert accredited in Public Relations (APR) by the Universal Accreditation Board, a program administered by the Public Relations Society of America. Further, I have provided testimony before Congress on issues of notice. Also, I have lectured, published and been cited extensively on various aspects of legal noticing, product recall and crisis communications and have served the Consumer Product Safety Commission (CPSC) as an expert to determine ways in which the CPSC can increase the effectiveness of its product recall campaigns. More recently, I was extensively involved as a contributing author for “*Guidelines and Best Practices Implementing*

2018 Amendments to Rule 23 Class Action Settlement Provisions” published by Duke University School of Law. Also, I am a member of the Board of Directors for the Alliance for Audited Media (“AAM”).

3. I have served as an expert, with day-to-day operational responsibilities, directly responsible for the design and implementation of hundreds of class action notice programs, some of which are the largest and most complex programs ever implemented in both the United States and Canada. My work includes a wide range of class actions and regulatory and consumer matters that include product liability, construction defect, antitrust, asbestos, medical, pharmaceutical, human rights, civil rights, telecommunications, media, environmental, securities, banking, insurance and bankruptcy.

4. Importantly, I have particularly relevant experience planning and implementing complex notice programs for recent court-approved securities class actions including:

- *In re: The Bank of New York Mellon ADR FX Litigation*, 16-CV-00212-JPO-JLC (S.D.N.Y.)
- *Merryman, et al. v. Citigroup, Inc. et al.* No 1:15-cv-09185- CM-KNF (S.D.N.Y.)

5. Additionally, I have been at the forefront of modern notice, including plain language as noted in a RAND study¹, and importantly, I was the first notice expert to integrate digital media and social media into court-approved legal notice programs. My recent work includes:

- *Yahoo! Inc. Customer Data Security Breach Litigation*, Case No. 5:16-MD-02752 (N.D. Cal. 2019).
- *In re Dental Supplies Antitrust Litigation*, Case No. 1:16-CV-00696 (E.D.N.Y.).
- *Simerlein et al., v. Toyota Motor Corporation*, Case No. 3:17-cv-01091-VAB (D. Conn. 2019).
- *Carter v. Forjas Taurus S.S., Taurus International Manufacturing, Inc.*, Case No. 1:13-CV-24583 PAS (S.D. Fla. 2016); and
- *In re: Blue Buffalo Marketing and Sales Practices Litigation*, No. 14-md-02562-RWS (E.D. Mo. 2016).

6. As further reference, in evaluating the adequacy and effectiveness of my notice programs, courts have repeatedly recognized my work as an expert. For example, in:

- (a) ***Carter v Forjas Taurus S.S., Taurus International Manufacturing, Inc., Case No. 1:13-CV-24583 PAS (S.D. Fla. 2016)***. In her Final Order and Judgment Granting Plaintiffs' Motion for Final Approval of Class Action Settlement, the Honorable Patricia Seitz stated:

"The Court considered the extensive experience of Jeanne C. Finegan and the notice program she developed. ...There is no national firearms registry and Taurus sale records do not provide names and addresses of the ultimate purchasers... Thus the form and method used for notifying Class Members of the terms of the Settlement was the best notice practicable. ...The court-approved notice plan used peer-accepted national research to identify the optimal traditional, online, mobile and social media platforms to reach the Settlement Class Members."

7. Additionally, in the January 20, 2016, Transcript of Class Notice Hearing, p. 5 Judge Seitz, further noted:

"I would like to compliment Ms. Finegan and her company because I was quite impressed with the scope and the effort of communicating with the Class."

- (a) ***In Re: Blue Buffalo Company, Ltd., Marketing and Sales Practices Litigation, Case No. 4:14-MD-2562 RWS (E.D. Mo. 2015)***, (Hearing for Final Approval, May 19, 2016 transcript p. 49). During the Hearing for Final Approval, the Honorable Rodney Sippel said:

"It is my finding that notice was sufficiently provided to class members in the manner directed in my preliminary approval order and that notice met all applicable requirements of due process and any other applicable law and considerations."

- (b) ***Quinn v. Walgreen Co., Wal-Mart Stores Inc., 7:12 CV-8187-VB (S.D.N.Y.)*** (Jt Hearing for Final App, March. 5, 2015, transcript page 40-41). During the Hearing on Final Approval of Class Action, the Honorable Vincent L. Briccetti gave accolades to the notice program, noting:

"The notice plan was the best practicable under the circumstances. ... [and] the proof is in the pudding. ... So the notice has reached a lot of people and a lot of people have made claims."

13. The Class Periods for all Settlements commences on December 1, 2007. The end dates for the Class Periods are (1) December 15, 2015, for the Group Settlement; (2) July 29, 2019, for the Citigroup and MUFG Settlements; and (3) the date of the Court's forthcoming Preliminary Approval Order for the SC and SG Settlements.

NOTICE PROGRAM

14. I have been informed by Plaintiffs' Counsel that they believe they have name and address records for the substantial majority of the class. Based on Heffler's analysis and experience with direct notice programs and the availability of updating contact information for Class Members through advanced address search mechanisms, we believe that a majority of the class will be reached through direct notice. However, the parties are going the extra step to provide additional supplemental notice via multiple media channels described below.

15. The proposed notice program includes the following components:

- Direct notice to all class members for whom Plaintiffs' Counsel have contact information via U.S. First Class Mail;
- Social media notice;
- A whitelist of online investment sites;
- Google Search terms;
- A press release;
- An informational website will be established where notices and other important Court documents will be posted; and
- A toll-free information line will be established by which Class Members can call 24/7 for more information about the Settlement, including, but not limited to, requesting copies of the Long Form Notice or Claim Form.

DIRECT NOTICE

16. The primary method for outreach in this matter will be through direct mail. It is Heffler's understanding that it will receive the substantial majority of Class Member contact information for the indirect purchasers including name, email, and physical mailing addresses, along with a large population of the class' transactional purchase information of FX Instruments. Heffler will mail notice of the Settlements to all Class Members for whom it receives contact information, both via email and postcard. Attached as **Exhibit B** is the postcard notice that will be sent to Class Members. Postcards are noted for effectively capturing attention and presenting

important content. Studies by the U.S. Postal Service (“USPS”)² and the Direct Marketing Association provide research reporting that consumers are more likely to read short, engaging materials in contrast to longer forms of communication.

17. The email notice will be substantially the same but modified for email transmission. Class Members will be asked to register online or by mail so that upon Final Approval from the Court, claim forms can be mailed to all who registered.

18. Heffler intends to first update all address information by running addresses through the National Change of Address database maintained by the U.S. Postal Service. This database is a compilation of all address changes that the U.S. Postal Service is notified of and is kept for four years. It will allow Heffler to update addresses to the most current address known by the U.S. Postal service before sending notice.

19. Additionally, if mail is returned as undeliverable with no further forwarding address, Heffler will run these records through an advanced address locator database to obtain additional contact information and remail notice. Likewise, if mail is returned with a forwarding address, Heffler will remail the notice to the newly provided address.

20. In addition to the mailed postcard notice, Heffler will send email notice to all Class Members where Defendants have provided a valid email address. The email notice will be substantially the same as the postcard notice and will direct people to the website, www.fxindirectantitrustsettlement.com, for further information on the settlement and to file a claim online.

21. The email notice will be crafted in plain language, run through a spam grading system to ensure the least amount of spam blocking possible, and use all best practices for sending email so that the most effective email campaign can be achieved. Heffler will send an email up to three times to an email address to achieve delivery. Heffler will monitor for any bounced emails and will report to the Court and the Parties.

SUPPLEMENTAL NOTICE PROGRAM METHODOLOGY

22. HF Media utilized a methodology accepted by the advertising industry and embraced by courts in the United States to determine the “reach” of this program to appropriately design and target the publication component of the proposed notice program. It is our intention that through direct mail and supplemental media the proposed notice program will reach at least 80-86 percent of targeted Settlement Class Members.

23. In developing the proposed notice program, we were guided by well-established principles of communication and utilized best-in-class nationally syndicated media research data provided by GfK Mediamark Research and Intelligence, LLC,³ and online measurement currency comScore⁴, and Telmar, among others, to provide media consumption habits and audience delivery verification of the potentially affected population. These data resources are used by advertising agencies nationwide as the basis to select the most appropriate media to reach specific target audiences. Specifically, this research identifies which media channels are favored by the target audience (i.e., the Settlement Class Members). For instance, browsing behaviors on the Internet, social media channels that are used, and which magazines Settlement Class Members are reading. The resulting key findings were instrumental in our selection of media channels and outlets for determining the estimated net audience reached through this legal notice program.

24. Additionally, HF Media employed the best-in-class tools and technology in order to appropriately target Settlement Class Members and appropriately measure and validate audience delivery using Media Ratings Counsel accepted third-party validation of all media. By utilizing media research tools such as GfK Mediamark Research, Intelligence LLC and comScore, we can create target audience characteristics or segments, and then select the most appropriate media and communication methods to best reach them.

25. This media research technology allows us to fuse data and accurately report to the Court the percentage of the target audience that will be reached by the notice component and how

³ GfK MRI’s *Survey of the American Consumer*® (“MRI”) is the industry standard for magazine audience ratings in the U.S. and is used in the majority of media and marketing agencies in the country. MRI provides comprehensive reports on demographic, lifestyle, product usage and media exposure.

⁴ comScore is a global Internet information provider on which leading companies and advertising agencies rely for consumer behavior insight and Internet usage data. comScore maintains a proprietary database of more than 2 million consumers who have given comScore permission to monitor their browsing and transaction behavior, including online and offline purchasing.

many times the target audience had the opportunity to see the message. In advertising, this is commonly referred to as a “Reach and Frequency” analysis, where “Reach” refers to the estimated percentage of the unduplicated audience exposed to the campaign, and “Frequency” refers to how many times, on average, the target audience had the opportunity to see the message. These calculations are used by advertising and communications firms worldwide and have become a critical element to help provide the basis for determining adequacy of notice in class actions.

TARGET AUDIENCE: MEDIA DEFINITION AND RELEVANT DEMOGRAPHIC CHARACTERISTICS

26. According to various articles⁵, FX Instrument investors tend to be a more sophisticated, with a higher tolerance for investment risk, and larger available leverageable investment dollars.

27. While our media research does not specifically report on those who own FX Instruments, the closest proxy target audience definition for the purpose of selecting media for this proposed notice program would be adults with investment transactions in the affected states.

MEDIA PREFERENCES AND KEY INSIGHTS

28. Based on MRI data, we see that nearly 95 percent of our target audience is online. They are a cross-device audience, with nearly 90 percent of our target audience using a smartphone or tablet to access the internet. They are also heavy users of social media including Facebook.

ONLINE AND SOCIAL MEDIA NOTICE

29. Based on the results of the Direct Mail program, the supplemental online and social media notice will buttress the overall reach to deliver an estimated 80% of this target audience and they are estimated to see the message, on average, 3 times. If the direct mail results are less than the parties anticipate, a larger number of impressions will be delivered to maintain the overall reach of this notice program.

30. To accomplish this, notice will be published across a whitelist of investment websites, which may include, among others: Morningstar, Investopedia, MarketWatch and Motley Fool. Further, we intend to match class member contact information (email addresses, phone numbers) to Facebook and Instagram profiles to create a custom audience of known class members. Additionally, we will target users within the class member states who have liked or followed pages such as *The Motley Fool*, *Investing.com*, *MarketWatch*, *Morningstar*, *Seeking Alpha*, *TheStreet*, *The Wall Street Journal*, *Yahoo Finance*, *Bloomberg*, *Financial Times* and others. Finally, we will retarget users who visit the Settlement website, providing them with reminders to file a claim. The total number of impressions served will be determined based on the results of the direct mail and will be reported to this Court upon the completion of the Notice Program.

31. The notice program will also employ Google search engine advertising. Here we plan to target keywords and topics within the Class Member States related to the settlement including Bank of America settlement, Bank of America class action, BOA litigation, as well as stock and investment keywords.

PRESS RELEASE AND MEDIA MONITORING

32. HF Media intends to issue a press release over PR Newswire's National Newswines with additional targeting to 1,777 influencers who cover finance. Our team will then monitor various media channels for subsequent news articles. A complete report on the results will be filed with the Court upon completion of the notice program.

OFFICIAL SETTLEMENT WEBSITE

33. Further, Heffler intends to establish and maintain an official settlement website, www.fxindirectantitrustsettlement.com. The Settlement website will serve as a “landing page for the banner advertising,” where Class Members may get information about the Settlement and obtain and/or submit a Claim Form, along with other information including information about the class action, Class Member rights, the Long Form Notice, Summary Notice, and related information, including the Settlement Agreement, Court Orders, and Plaintiff’s Motion for Approval of Fees, Expenses, and Class Representative Service Awards once it has been filed with the Court. The website will be available 24 hours a day and 7 days a week. It will be updated with current information and status as appropriate with direction from Counsel or the Court.

TOLL FREE INFORMATION LINE

34. Additionally, Heffler will establish and maintain a 24-hour toll-free Interactive Voice Response (“IVR”) telephone line, where callers may obtain information about the class action. Heffler will also have available live operator support to answer questions during normal business hours. These operators will be trained to answer questions on the settlement and help people with any questions on filing a claim.

DEDICATED POST OFFICE BOX

35. Heffler will secure and monitor a dedicated post office box for all mail and written communications from Class Members. Mail will be scanned and uploaded into Heffler’s dedicated database for this Settlement so that it can be tracked. All written correspondence will be monitored and responded to promptly.

CONCLUSION

36. In my opinion, the outreach efforts described above reflect a particularly appropriate, highly targeted, and contemporary way to employ notice to this class. We estimate at least 80-86 percent of targeted Class Members will be reached by the direct mail outreach program. In my opinion, the efforts to be used in this proposed notice program are of the highest modern communication standards to provide notice and are consistent with best practicable court-approved notice programs in similar matters and the Federal Judicial Center’s guidelines concerning appropriate reach.

37. I declare under the penalty of perjury, under the laws of the United States of America, that the foregoing is true and correct. Executed on May 22, 2020 in Tigard, Oregon.

During her tenure, she has planned and implemented over 1,000 high-profile, complex legal notice communication programs. She is a recognized notice expert in both the United States and in Canada, with extensive international notice experience spanning more than 170 countries and over 40 languages.

the best notice practicable. ...The court-approved notice plan used peer-accepted national research to identify the optimal traditional, online, mobile and social media platforms to reach the Settlement Class Members."

The comprehensive class notice educated Settlement Class members about the defects in Consolidated furnaces and warned them that the continued use of their furnaces created a risk of fire and/or carbon monoxide. [A]ll of the notices are written in simple terminology, are readily understandable by Class Members, and comply with the Federal Judicial Center's illustrative class action notices. ... By working with a nationally syndicated media research firm, [Finegan's firm] was able to define a target audience for the MassMutual Class Members, which provided a valid basis for determining the magazine and newspaper preferences of the Class Members. (Preliminary Approval Order at p. 9). . . . The Court agrees with Class Counsel that this was more than adequate. (Id. at § 5.2).

In re: Nortel Network Corp., Sec. Litig., No. 01-CV-1855 (RMB) Master File No. 05 MD 1659 (LAP) (S.D.N.Y.). Ms. Finegan designed and implemented the extensive United States and Canadian notice programs in this case. The Canadian program was published in both French and English, and targeted virtually all investors of stock in Canada. See www.nortelsecuritieslitigation.com. Of the U.S. notice program, the Honorable Loretta A. Preska stated:

The form and method of notifying the U.S. Global Class of the pendency of the action as a class action and of the terms and conditions of the proposed Settlement ... constituted the best notice practicable under the circumstances, and constituted due and sufficient notice to all persons and entities entitled thereto.

Regarding the B.C. Canadian Notice effort: *Jeffrey v. Nortel Networks*, [2007] BCSC 69 at para. 50, the Honourable Mr. Justice Groberman said:

The efforts to give notice to potential class members in this case have been thorough. There has been a broad media campaign to publicize the proposed settlement and the court processes. There has also been a direct mail campaign directed at probable investors. I am advised that over 1.2 million claim packages were mailed to persons around the world. In addition, packages have been available through the worldwide web site nortelsecuritieslitigation.com on the Internet. Toll-free telephone lines have been set up, and it appears that class counsel and the Claims Administrator have received innumerable calls from potential class members. In short, all reasonable efforts have been made to ensure that potential members of the class have had notice of the proposal and a reasonable opportunity was provided for class members to register their objections, or seek exclusion from the settlement.

Mayo v. Walmart Stores and Sam's Club, No. 5:06 CV-93-R (W.D.Ky.). In the Order Granting Final Approval of Settlement, Judge Thomas B. Russell stated:

According to defendants' database, the Notice was estimated to have reached over 90% of the Settlement Class Members through direct mail. The Settlement Administrator ... has classified the parties' database as 'one of the most reliable and comprehensive databases [she] has worked with for the purposes of legal notice.'... The Court thus reaffirms its findings and conclusions in the Preliminary Approval Order that the form of the Notice and manner of giving notice satisfy the requirements of Fed. R. Civ. P. 23 and affords due process to the Settlement Class Members.

Fishbein v. All Market Inc., (d/b/a Vita Coco) No. 11-cv-05580 (S.D.N.Y.). In granting final approval of the settlement, the Honorable J. Paul Oetken stated:

"The Court finds that the dissemination of Class Notice pursuant to the Notice Program...constituted the best practicable notice to Settlement Class Members under the circumstances of this Litigation ... and was reasonable and constituted due, adequate and sufficient notice to all persons entitled to such notice, and fully satisfied the requirements of the Federal Rules of Civil Procedure, including Rules 23(c)(2) and (e), the United States Constitution (including the Due Process Clause), the Rules of this Court, and any other applicable laws."

Lucas, et al. v. Kmart Corp., No. 99-cv-01923 (D.Colo.), wherein the Court recognized Jeanne Finegan as an expert in the design of notice programs, and stated:

The Court finds that the efforts of the parties and the proposed Claims Administrator in this respect go above and beyond the "reasonable efforts" required for identifying individual class members under F.R.C.P. 23(c)(2)(B).

In re: Johns-Manville Corp. (Statutory Direct Action Settlement, Common Law Direct Action and Hawaii Settlement), No 82-11656, 57, 660, 661, 665-73, 75 and 76 (BRL) (Bankr. S.D.N.Y.). The nearly half-billion dollar settlement incorporated three separate notification programs, which targeted all persons who had asbestos claims whether asserted or unasserted, against the Travelers Indemnity Company. In the Findings of Fact and Conclusions of a Clarifying Order Approving the Settlements, slip op. at 47-48 (Aug. 17, 2004), the Honorable Burton R. Lifland, Chief Justice, stated:

As demonstrated by Findings of Fact (citation omitted), the Statutory Direct Action Settlement notice program was reasonably calculated under all circumstances to apprise the affected individuals of the proceedings and actions taken involving their interests, Mullane v. Cent. Hanover Bank & Trust Co., 339 U.S. 306, 314 (1950), such program did apprise the overwhelming majority of potentially affected claimants and

far exceeded the minimum notice required. . . . The results simply speak for themselves.

Pigford v. Glickman and U.S. Department of Agriculture, No. 97-1978. 98-1693 (PLF) (D.D.C.). This matter was the largest civil rights case to settle in the United States in over 40 years. The highly publicized, nationwide paid media program was designed to alert all present and past African-American farmers of the opportunity to recover monetary damages against the U.S. Department of Agriculture for alleged loan discrimination. In his Opinion, the Honorable Paul L. Friedman commended the parties with respect to the notice program, stating;

The parties also exerted extraordinary efforts to reach class members through a massive advertising campaign in general and African American targeted publications and television stations. . . . The Court concludes that class members have received more than adequate notice and have had sufficient opportunity to be heard on the fairness of the proposed Consent Decree.

In re: Louisiana-Pacific Inner-Seal Siding Litig., Nos. 879-JE, and 1453-JE (D.Or.). Under the terms of the Settlement, three separate notice programs were to be implemented at three-year intervals over a period of six years. In the first notice campaign, Ms. Finegan implemented the print advertising and Internet components of the Notice program. In approving the legal notice communication plan, the Honorable Robert E. Jones stated:

The notice given to the members of the Class fully and accurately informed the Class members of all material elements of the settlement...[through] a broad and extensive multi-media notice campaign.

Additionally, with regard to the third-year notice program for Louisiana-Pacific, the Honorable Richard Unis, Special Master, commented that the notice was:

...well formulated to conform to the definition set by the court as adequate and reasonable notice. Indeed, I believe the record should also reflect the Court's appreciation to Ms. Finegan for all the work she's done, ensuring that noticing was done correctly and professionally, while paying careful attention to overall costs. Her understanding of various notice requirements under Fed. R. Civ. P. 23, helped to insure that the notice given in this case was consistent with the highest standards of compliance with Rule 23(d)(2).

In re: Expedia Hotel Taxes and Fees Litigation, No. 05-2-02060-1 (SEA) (Sup. Ct. of Wash. in and for King County). In the Order Granting Final Approval of Class Action Settlement, Judge Monica Benton stated:

The Notice of the Settlement given to the Class ... was the best notice practicable under the circumstances. All of these forms of Notice directed Class Members to a Settlement Website providing key Settlement documents including instructions on how

Class Members could exclude themselves from the Class, and how they could object to or comment upon the Settlement. The Notice provided due and adequate notice of these proceeding and of the matters set forth in the Agreement to all persons entitled to such notice, and said notice fully satisfied the requirements of CR 23 and due process.

Thomas A. Foster and Linda E. Foster v. ABTco Siding Litigation, No. 95-151-M (Cir. Ct., Choctaw County, Ala.). This litigation focused on past and present owners of structures sided with Abitibi-Price siding. The notice program that Ms. Finegan designed and implemented was national in scope and received the following praise from the Honorable J. Lee McPhearson:

The Court finds that the Notice Program conducted by the Parties provided individual notice to all known Class Members and all Class Members who could be identified through reasonable efforts and constitutes the best notice practicable under the circumstances of this Action. This finding is based on the overwhelming evidence of the adequacy of the notice program. ... The media campaign involved broad national notice through television and print media, regional and local newspapers, and the Internet (see id. ¶¶9-11) The result: over 90 percent of Abitibi and ABTco owners are estimated to have been reached by the direct media and direct mail campaign.

Wilson v. Massachusetts Mut. Life Ins. Co., No. D-101-CV 98-02814 (First Judicial Dist. Ct., County of Santa Fe, N.M.). This was a nationwide notification program that included all persons in the United States who owned, or had owned, a life or disability insurance policy with Massachusetts Mutual Life Insurance Company and had paid additional charges when paying their premium on an installment basis. The class was estimated to exceed 1.6 million individuals. www.insuranceclassclaims.com. In granting preliminary approval to the settlement, the Honorable Art Encinias found:

[T]he Notice Plan [is] the best practicable notice that is reasonably calculated, under the circumstances of the action. ...[and] meets or exceeds all applicable requirements of the law, including Rule 1-023(C)(2) and (3) and 1-023(E), NMRA 2001, and the requirements of federal and/or state constitutional due process and any other applicable law.

Sparks v. AT&T Corp., No. 96-LM-983 (Third Judicial Cir., Madison County, Ill.). The litigation concerned all persons in the United States who leased certain AT&T telephones during the 1980's. Ms. Finegan designed and implemented a nationwide media program designed to target all persons who may have leased telephones during this time period, a class that included a large percentage of the entire population of the United States. In granting final approval to the settlement, the Court found:

The Court further finds that the notice of the proposed settlement was sufficient and furnished Class Members with the information they needed to evaluate whether to participate in or opt out of the proposed settlement. The Court therefore concludes

that the notice of the proposed settlement met all requirements required by law, including all Constitutional requirements.

In re: Georgia-Pacific Toxic Explosion Litig., No. 98 CVC05-3535 (Ct. of Common Pleas, Franklin County, Ohio). Ms. Finegan designed and implemented a regional notice program that included network affiliate television, radio and newspaper. The notice was designed to alert adults living near a Georgia-Pacific plant that they had been exposed to an air-born toxic plume and their rights under the terms of the class action settlement. In the Order and Judgment finally approving the settlement, the Honorable Jennifer L. Bunner stated:

[N]otice of the settlement to the Class was the best notice practicable under the circumstances, including individual notice to all members who can be identified through reasonable effort. The Court finds that such effort exceeded even reasonable effort and that the Notice complies with the requirements of Civ. R. 23(C).

In re: American Cyanamid, No. CV-97-0581-BH-M (S.D.AI.). The media program targeted Farmers who had purchased crop protection chemicals manufactured by American Cyanamid. In the Final Order and Judgment, the Honorable Charles R. Butler Jr. wrote:

The Court finds that the form and method of notice used to notify the Temporary Settlement Class of the Settlement satisfied the requirements of Fed. R. Civ. P. 23 and due process, constituted the best notice practicable under the circumstances, and constituted due and sufficient notice to all potential members of the Temporary Class Settlement.

The media program included network and cable television, magazine and specialty trade publications. In the Findings and Order Preliminarily Certifying the Class for Settlement Purposes, Preliminarily Approving Class Settlement, Appointing Class Counsel, Directing Issuance of Notice to the Class, and Scheduling a Fairness Hearing, the Honorable C.W. Clemon wrote that the notice plan:

...constitutes due, adequate and sufficient notice to all Class Members; and (v) meets or exceeds all applicable requirements of the Federal Rules of Civil Procedure, the United States Constitution (including the Due Process Clause), the Alabama State Constitution, the Rules of the Court, and any other applicable law.

R. 23, the United States Constitution, due process, and other applicable law.

City of New Orleans Tax Revisions, Post-Hurricane Katrina. In 2007, the City of New Orleans revised property tax assessments for property owners. As part of this process, it received numerous appeals to the assessments. An administration firm served as liaison between the city and property owners, coordinating the hearing schedule and providing important information to property owners on the status of their appeal. Central to this effort was the comprehensive outreach program designed by Ms. Finegan, which included a website and a heavy schedule of television, radio and newspaper advertising, along with the coordination of key news interviews about the project picked up by local media.

What is this about?

This lawsuit alleges Citigroup, MUFG Bank, Standard Chartered, Société Générale, Bank of America, Barclays, BNP Paribas, Credit Suisse, Deutsche Bank, Goldman Sachs, HSBC, JPMorgan, Morgan Stanley, RBC, RBS, and UBS (the “Defendants”) conspired to fix foreign currency (“FX”) instrument prices causing people to be overcharged when purchasing an FX Instrument from an individual or entity and that individual or entity transacted in an FX Instrument directly with a Defendant or one of Defendants’ alleged co-conspirators. Defendants maintain that these claims lack merit. The settlements are not evidence of liability or wrongdoing. The Court has not decided who is right.

Who’s Included?

You are if: (1) you purchased an FX Instrument from an individual or entity from December 1, 2007 through [DATE OF PAO], and that individual or entity in turn transacted in an FX Instrument directly with a Defendant or alleged co conspirator; and (2) you lived in NY, AZ, CA, FL, IL, MA, MN, or NC at the time of the transaction.

What do the Settlements provide?

The \$23,630,000 Settlement Fund, less court-approved fees and costs, will be distributed based on the greater of (1) a *pro rata* award based on transaction volume of FX Instrument purchases with a discount applied for purchases after December 31, 2013, or (2) a *de minimis* award. See the Plan of Allocation at FXIndirectAntitrustSettlement.com for detailed payout information.

How can I get payment?

If the Settlements are approved, you will receive a claim form in the mail or by email explaining the calculation of Settlement awards for eligible claimants. Claim forms will also be available on the settlement website. You can also submit documents showing your FX Instrument

purchases to the Settlement Administrator, Heffler-Corbin Group, to substantiate your claim. The deadline to file a claim will be 120 days after the Court grants final approval of the Settlements.

What are my Rights?

Do nothing - If you do nothing, you will get no settlement proceeds but will be legally bound by all Court judgments and you won’t be able to sue, or continue to sue, Defendants for the same claims in this action.

Object - If you want to remain in the Settlements but wish to object to the Settlements or any aspect of them, you must submit your objection by [50 DAYS PRIOR TO FAIRNESS HEARING].

Exclude - If you want to maintain your right to sue the Defendants, you must exclude yourself from the Settlements by [50 DAYS PRIOR TO FAIRNESS HEARING]. If you exclude yourself, you will not get a payment from these Settlements. If you do not exclude yourself, you will remain a member of a Settlement Class and your legal claims will be released even if you do not submit a claim.

When will the Court decide?

A Fairness Hearing will be held on [MONTH, DAY, YEAR (date set by Court)] at time at the Thurgood Marshall US Courthouse, 40 Foley Square, NY, NY 10007, in Courtroom 1106 to consider whether to approve the Settlements and fee application. You may, at your own expense, appear at the hearing, but you do not have to. Class Counsel will ask the Court to approve an award of attorneys’ fees of up to 26.21% of the Settlement Fund, plus service awards for the class representatives and reimbursement of costs and expenses not to exceed \$1,825,000. The fee application will be available on the settlement website when filed.

This is only a summary. For more information, including Settlement Agreements and release of claims, instructions on filing a claim (when available), and details on how to exclude or object to the Settlements, visit FXIndirectAntitrustSettlement.com or call 1-844-245-3777.
